Mental Health & Our Youth: A Community Conversation

Community Conversations, a joint program between Estes Valley Restorative Justice Partnership and the Estes Valley Library, is partnering with the Estes Park School District (EPSD) to provide a community conversation about youth mental health in our community. Mental health among youth is a growing concern across our nation, and also locally. These conversations will help us understand the opportunities and challenges facing our youth and help us grow as a community to support our youth.

This event will be held at the Estes Park High School on Wednesday, April 3, 2024 from 1-2:30 PM.

The facilitated conversations will be led by Community Conversations staff and volunteers.

We would like to invite youth to participate in these Community Conversations at the approval of their parents/caregivers. The reason is because this can be a sensitive topic for some and the format will be conversational, not curricular.

You may provide consent for your child to participate. If your child is participating without you present, they may bring this signed consent form with them to the event.

****

Youth Name: _____ Grade: _____

Please check the box below that indicates your consent toward participation in the Mental Health & Our Youth Community Conversation:

- ☐ I give permission/consent for my child to participate.
- ☐ I do not give permission/consent for my child to participate

Media Release:
